

## **Proficiency Testing Program for NMP22 BladderChek**

WSLH Proficiency Testing has launched a proficiency testing program (BC-R) for the NMP22 BladderChek Test in 2009. The program will consist of two shipments during the calendar year, each shipment consisting of three unknown samples. The shipments are scheduled for April 27 and November 16.

If you are interested in this program, please refer to page 27 in our catalog. Due to sample availability, enrollment for the April shipment may be limited. Special pricing will be applied to orders received before April 6, 2009.

If you have any questions regarding this program, please contact:
