

# WISCONSIN NEWBORN SCREENING SPECIMEN COLLECTION FORM

**SEX:** *This field is critical for baby's identification.*

**BABY'S NAME:** Enter baby's last name followed by first name. If no first name, leave blank. For multiple births enter birth order, e.g., Twin A, Twin B, even if a first name is provided.

**SPECIMEN COLLECTION DATE AND TIME:** Enter specimen collection date as MM/DD/YY and time in military time.

*This field is critical for interpretation of results.*

**MOTHER'S NAME:** Enter mother's last name followed by her first name.

*This field is critical for baby's identification.*

**BIRTHWEIGHT (grams):** Enter weight in grams.

*This field is critical for interpretation of results.*

**BIRTH FACILITY:** Enter name and city of facility where birth occurred. If born at home, enter "Home Birth." If born in another state or country, include name of hospital, state, and/or country.

*This field is critical for baby's identification.*

**BIRTHDATE / TIME:** Enter birthdate as MM/DD/YY and time in military time.

*This field is critical for interpretation of results.*

**BABY'S PHYSICIAN / NPI / PHONE #:** Enter the last **and** first names of the physician caring for the baby, NPI number, and phone number.

*Reports and any abnormal results are forwarded to the physician identified by these three fields.*

**BABY'S RACE:** Circle race of baby. If baby is of mixed race, circle all that apply.

**TRANSFUSION(S):** Circle **N** or **Y**. Ideally, collection should be performed prior to transfusion. If baby has been transfused, enter date of LAST transfusion. If infant was transfused *in utero*, circle **Y** and record "prior to birth" if exact date is unknown.

*For transfused babies, the transfusion date is important for determining whether test results are valid.*

**BABY ON TPN NOW:** Circle **N** or **Y**. Circle **Y** if baby is on Total Parenteral Nutrition or any amino acid supplement at time of collection.

**BLOOD NOT SCREENED:** Complete this box if no blood on card:

- Blood screening was refused **OR**
- Baby is deceased **OR**
- Baby was transferred prior to collection

***Do not transfer card with baby.***  
*Return card with all demographic information completed to WSLH for replacement.*

**PRINT CLEARLY**

**COMPLETE ALL FIELDS**

**DO NOT WRITE OR PLACE LABELS  
IN GREEN AREA OF CARD**

**GESTATIONAL AGE:** Enter the gestational age **at time of birth** in weeks (wks). Round up if 4 or more days beyond full week:

38 weeks + 4 days = 39 weeks

36 weeks + 3 days = 36 weeks

**Do not** add current age to gestational age.

# WISCONSIN NEWBORN SCREENING SPECIMEN COLLECTION FORM

Enter date as MM/DD/YY and time in military time **and** **RESULT:** Check only one box (Pass OR Fail).

**NOT SCREENED:** If pulse ox screening was **not** performed, check reason listed. If **Other**, please specify.

**ANTIGEN:** Circle **NEG** if mother's test result is non-reactive or negative. Circle **POS** if mother's test is reactive or positive. Do not confuse hepatitis antibody results for hepatitis surface antigen results.

*This information is very important  
to assure that infants of HBsAG  
positive mothers receive  
proper immunizations.*
