WISCONSIN STATE LABORATORY OF HYGIENE
BOARD OF DIRECTORS

MEETING NOTICE

***CLOSED SESSION RESERVED DURING AGENDA ITEM 10***

Tuesday, December 12, 2017
1:00p.m. – 4:00p.m.

MEETING LOCATION
Wisconsin State Laboratory of Hygiene
2601 Agriculture Drive
Madison, WI 53718

Notice is hereby given that the Wisconsin State Laboratory of Hygiene Board of Directors will convene at 1:00 p.m. on Tuesday, December 12th, 2017 at Wisconsin State Laboratory of Hygiene in Madison, Wisconsin.

Notice is further given that matters concerning Wisconsin State Laboratory of Hygiene issues, program responsibilities or operations specified in the Wisconsin Statutes, which arise after publication of this notice may be added to the agenda and publicly noticed no less than two hours before the scheduled board meeting if the board Chair determines that the matter is urgent.

Notice is further given that this meeting may be conducted partly or entirely by teleconference or videoconference.

Notice is further given that questions related to this notice, requests for special accommodations, or requests for a public appearance are addressed by the Wisconsin State Laboratory of Hygiene Administrative Offices by phone at (608) 890-0288 or in writing to the Wisconsin State Laboratory of Hygiene, 465 Henry Mall, Madison, Wisconsin, 53706.

ORDER OF BUSINESS: See agenda.

Respectfully submitted,

[Signature]

James J. Schauer, PhD, P.E., M.B.A.
Secretary, Wisconsin State Laboratory of Hygiene Board of Directors
Director, Wisconsin State Laboratory of Hygiene

PROCEDURAL ITEMS

Item 1. ROLL CALL

Description of Item:
Roll call of attendance at Board Meeting led by Board Chair.

Suggested Board Action:
Submit roll call

Staff Recommendation and Comments:
Roll call will be recorded by Board Secretary
PROCEDURAL ITEMS
Item 2. APPROVAL OF MINUTES

Description of Item: 
The draft minutes of the September 19th, 2017 board meeting are submitted for approval.

Suggested Board Action: 
Motion: Approve the draft minutes of the September 19th, 2017 board meeting as submitted.

Staff Recommendation and Comments: 
Approve draft minutes.

Once approved, minutes become part of the public record and are posted on the WSLH website: http://www.slh.wisc.edu/about/board/board-meetings-agendas-and-minutes/.
MEMBERS PRESENT: Chair James Morrison, Vice-Chair Dr. Richard Moss, James Wenzler, Charles Warzecha (via telephone on behalf of Karen McKeown), Jeffery Kindrai, Gil Kelley, Steve Geis (on behalf of Mark Aquino)

WSLH STAFF PRESENT: Dr. James Schauer, Dr. Daniel Kurtycz, David Webb, Steve Strebel, Kristine Hansbery, Jan Klawitter, Steve Marshall, Cynda DeMontigny, Jim Sterk, Chris Gunter, and Nathaniel Javid

DNR STAFF PRESENT: Steve Geis

GUESTS PRESENT: None

Chair James Morrison called the meeting to order at 1:00 P.M.

Dr. James Schauer introduced the new Chief Financial Officer for the Wisconsin State Laboratory of Hygiene, Kevin Karbowski. Mr. Karbowski provided some of his professional background to the Board, and the Board introduced themselves to Mr. Karbowski.

Board Member Wenzler asked Chair James Morrison to initiate a roll call of the Board. The Board completed their roll call.

Item 1. APPROVAL OF MINUTES

Approve the minutes of the June 20th, 2017 Board Meeting as submitted. Nathaniel Javid noted corrections to the minutes made in advance by Board Member Wenzler. These include adding a comma after the date under “Approval of Minutes,” along with adding the letter “d” to the word “approved.” Other corrections include adding who made the motion and the resolution of the motion under “Board Member Matters” for the appointment of Dr. James Schauer as Board Secretary. Lastly, Board Member Wenzler submitted corrections changing the wording of a sentence under “WSLH Board Bylaws” and adding language that Board Member Wenzler requested a link mentioned by Steve Geis under “Board Member Matters.” James Wenzler made a motion to approve with
the aforementioned changes, seconded by Jeffery Kindrai. The voice vote approving the minutes was unanimous.

Item 2. REORGANIZATION OF AGENDA

There was no reorganization of the agenda.

Item 3. PUBLIC APPEARANCES

There were no public appearances.

Item 4. BOARD MEMBERS’ MATTERS

James Wenzler mentioned he spoke with the WSLH Director about having more contact information posted on the WSLH website for the Senior Leadership Team. Charles Warzecha agreed that there should be a mechanism for communication with the public, noting, however, that the website is not a likely means. Dr. Richard Moss noted that email should be the primary form of communication with the public.

James Wenzler asked Jan Klawitter about reorganizing the Board website to improve user friendliness, perhaps including headshots of Board Members. Ms. Klawitter was amenable to the idea, with the approval of the Board. Chair James Morrison suggested entertaining a motion to discuss this further at the December Board meeting. James Wenzler made a motion to have the WSLH come up with a proposal for Board accessibility online, seconded by Steve Geis. The motion was approved unanimously.

James Wenzler asked the Board if they would be willing to have the Board packets sent electronically only, with hard copies available at the meeting and not mailed beforehand. The Board was generally in agreement and James Wenzler made a motion to end the mailing of Board packets, seconded by Charles Warzecha. Dr. Richard Moss suggested that Board packets not be provided in hard copy at the meetings, as doing otherwise would not be saving paper. The Board agreed with this, and James Wenzler amended the motion to have Board packets printed only upon request. The motion was approved unanimously. With this change in process, Nathaniel Javid noted that Board members should retain their previously mailed parking passes as they were sent with the hard copies of the packet.

James Wenzler asked the Board if they would be interested in having a Board Social for new Board members when they join. Dr. James Schauer suggested inviting Board members to WSLH lab-wide events as an alternative. Steve Geis suggested having a lunch meeting preceding the Board meeting when a new member arrives. The Board discussed having a motion on this topic, but decided it would be best to keep this unofficial and leave the matter up to the discretion of the Board Secretary.
Item 5. FINANCIAL REPORT

- James Sterk, Financial Manager, Wisconsin State Laboratory of Hygiene

Dr. Schauer mentioned that at the previous Board meeting there was discussion about renaming the financial reserves. The Board will not be discussing this topic today as we will be discussing strategic planning which will ultimately affect the naming of the reserves. Also we would like to have these discussions with our new CFO as he settles in.

Mr. Sterk continued the financial report. From the period of July 1, 2016 through June 30, 2017, we had a favorable net income of $2,984,000. This is the result of $3,592,146 in revenue and $608,146 in expenses. Our total support and revenue for this period was 8.3% more than what was budgeted. Our expenses were also more than budgeted at 1.4%.

Compared to last year, our total support and revenue is up by 10.1% and our expenses are up by 3.0%.

Mr. Sterk went over the working capital slide with the Board. Our available working capital (minus current liabilities and operating contingency) is $9,812,312 as of June 30, 2017 compared to $8,094,164 as of June 30, 2016. Cash unrestricted as of June 30, 2017 is $11,483,542.

Board Member Wenzler noted that a thank you letter should be sent to the individual(s) who contributed gifts to the WSLH.

Item 6. BOARD BYLAWS

- Jan Klawitter, Public Relations Officer, Wisconsin State Laboratory of Hygiene

Ms. Klawitter had the Board refer to the Board packet for the redlined changes in the bylaws. Ms. Klawitter also had the Board refer to the language in the statutes that was distributed to the Board. In the updated copy of the bylaws, agency and UW titles and phrasing were updated to be consistent with statute. Language to the Board meeting outside of Madison was updated. A 1996 letter from the State of Wisconsin Ethics Board was deleted and the section referring to the letter was updated. WSLH contact information, Board names and titles, and certification dates were also updated. Ms. Klawitter presented the language on the appointment of staff, which Dr. Schauer clarified for the Board. Dr. Moss noted that the Laboratory Director is the chief executive of the WSLH and as such has authority over hiring processes in the lab. The structure of the WSLH, being part of the UW, is consultative by nature and as a result concerns about transparency in hiring should be ameliorated.

James Wenzler mentioned other items for consideration by the Board in updating the Bylaws. Keeping consistent with state statute 36.04, these include renaming the Policies and Procedures of the WSLH Board to the Bylaws of the Wisconsin State
Laboratory of Hygiene Board and changing language from “person” to “position” in article 2, section 2.01. The Board discussed keeping the language as-is with regards to the “person” to “position.” As a result, James Wenzler withdrew this recommendation. A motion was brought forth by Chair James Morrison to proceed with publishing the aforementioned changes to the Bylaws seconded by Charles Warzecha. The motion passed unanimously.

James Wenzler mentioned that he will connect with Jan Klawitter after the Board meeting to go over the edits to the Bylaws in more detail.

Item 7. BOARD OPERATIONS

- Dr. James Schauer, Director, Wisconsin State Laboratory of Hygiene

Dr. James Schauer mentioned that we are gathering more information on what we need to make available on our website and the requests for Board Online Resources will be addressed at the December meeting. For future agenda items, if any Board members have a request for an agenda item, they may contact the Chair or Secretary of the Board with their suggestions. The Secretary will meet with the Chair two weeks before the Board meeting and the agenda will be finalized. We will include more programmatic and scientific presentations as time allows.

Item 8. ORGANIZATIONAL STRUCTURE UPDATE

- Dr. James Schauer, Director, Wisconsin State Laboratory of Hygiene

Dr. James Schauer went over the organizational structure of the WSLH. Dr. Schauer mentioned that he intends to keep the Board informed of any major changes made to the organizational structure of the lab. Dr. Schauer noted that the division and office directors of the WSLH comprised what was called the Strategic Leadership Team. This team will now be divided into two committees: an Operations Committee and a Strategic Planning Committee. The Operations Committee would be comprised of the Director of Human Resources, Chief Financial Officer, and Chief Information Officer. The Strategic Planning Committee would be comprised of the Division Directors of the Environmental Health Division, Disease Prevention Division, Laboratory Improvement Division, Communicable Disease Division, and Occupational Health Division. The Director's Office would have a participatory role in the Operations and Strategic Planning Committee. Dr. Schauer fielded questions from the Board regarding the specific roles of the Medical Director and Associate Director of the lab. Dr. Schauer mentioned that in the future, we will update the Board on the Cross-Cutting Committees as they evolve.

Item 9. STRATEGIC & FACILITIES PLANNING

- Dr. James Schauer, Director, Wisconsin State Laboratory of Hygiene

Dr. Schauer transitioned into discussing strategic planning. Dr. Schauer mentioned that we are focusing on a three-year cycle. Our goal is to have a strategic plan in place by July 1st, 2018. Our strategic plan will be two-fold: focusing on organizational management and a scientific strategic plan. We will also be working on a facilities plan.
that we will update the Board on at a later date. For organizational management, we will focus on operations including financial management, information technology, information management systems, human resources, workforce development and diversity. As an outcome of recent Engagement, Inclusion and Diversity (EID) surveys and the WSLH Director meetings with staff, initial efforts will be focused on WSLH culture, climate, and staff engagement. For our scientific strategic plan, we will focus on investment in technology and testing developments including research, equipment, staff training and strategic hires. We will also improve engagement of stakeholders.

Dr. Schauer presented a timeline for our organizational management plan through FY20. Our organizational management strategic priorities will focus on communications, clarifications and compliance with campus intimidation and bullying policies, adopting best management practices, developing strategies to integrate scientific leadership into organizational management, and staff engagement. In FY18 we will update the WSLH Program Matrix, have meetings with stakeholders in programmatic areas, develop strategic priorities for each program, engage with the WSLH Board to prioritize initiatives, and finally have the Board approve the Strategic Plan. Dr. Schauer also mentioned that we will be updating our Program Matrix which is an Association of Public Health Labs planning tool.

Item 10. HUMAN RESOURCES REPORT

- Cynda DeMontigny, HR Director, Wisconsin State Laboratory of Hygiene

Human Resources Director, Cynda DeMontigny, provided the Human Resources Report to the Board. We have 327.60 FTE's across all divisions of the laboratory. In total, we have twenty-four vacancies, twelve of which are in active recruitment. Ms. DeMontigny fielded questions from the Board clarifying the data. The Board responded favorably to the amount of information provided for this report.

Dr. Schauer mentioned that we are actively recruiting for our new Chief Information Officer. Ms. DeMontigny presented on staff hires, resignations, and retirements. From July through September, the lab saw three retirements, nine resignations, and nineteen hires. Charles Warzecha suggesting having a comparison to previous years presented at the next Board meeting.

Item 11. CONTRACT’S REPORT

- Christine Gunter, Financial Program Supervisor, Wisconsin State Laboratory of Hygiene

Christine Gunter went over the contracts report with the Board. From June through August of 2017, we've had contracts with the WI Department of Natural Resources, WI Department of Health Services, Association of Public Health Laboratories, United States Department of Agriculture, Other States & Universities and International contracts totaling $4,511,347.
Item 12. DIRECTOR’S REPORT

■ Dr. James Schauer, Director, Wisconsin State Laboratory of Hygiene

Dr. Schauer had Jan Klawitter present on public and environmental health incidents at the WSLH. Ms. Klawitter highlighted an incident of Brucella, Hepatitis A investigations, and a Salmonella outbreak related to farmers markets. Two WSLH CDD scientists, Dr. David Warshauer and Erin Bowles received prestigious APHL awards. A pilot study in Newborn Screening was started for Pompe Disease. The WSLH Chemical Emergency Response staff participated in a CDC sponsored cyanide exercise at the lab. Ms. Klawitter highlighted some of the employee appreciation events at the WSLH. In May, there was a staff recognition event in which all staff received gifts of varying levels based on seniority. In August, there was a Madison Mallards event and a breakfast potluck. In September, there was a UW Badgers tailgate lunch. Nathaniel Javid noted that the Water Boil Notice for the Board is forthcoming. 

James Wenzler made a motion to adjourn meeting at 2:43 P.M. Jeffery Kindrai seconded the motion. The motion passed unanimously and the meeting was adjourned.

Respectfully submitted by:

James J. Schauer, PhD, P.E., M.B.A.
Secretary, Wisconsin State Laboratory of Hygiene Board of Directors
PROCEDURAL ITEMS
Item 3.  REORGANIZATION OF AGENDA

Description of the Item:
Board members may suggest changes in the order in which agenda items are discussed.

Suggested Board Action:
None.

Staff Recommendation and Comments:
Reorganize the agenda if requested by the Board.
PROCEDURAL ITEMS

Item 4. PUBLIC APPEARANCES

Description of the Item:
Under the board’s Policies and Procedures nonmembers are invited to make presentations.

Suggested Board Action:
Follow WSLH Policies and Procedures.

Staff Recommendation and Comments:
Follow WSLH Policies and Procedures.

Per Policies and Procedures of the Wisconsin State Laboratory of Hygiene Board of Directors:

§6.12 Speaking privileges. When the board is in session, no persons other than laboratory staff designated by the director shall be permitted to address the board except as hereinafter provided:

(a) A committee report may be presented by a committee member who is not a member of the board.
(b) A board or committee member in the course of presenting a matter to the board may request staff to assist in such a presentation.
(c) If a board member directs a technical question for clarification of a specific issue to a person not authorized in this section, the Chair may permit such a person to respond.
(d) The board may by majority vote or by decision of the Chair allow persons not otherwise authorized in this section to address the board if the situation warrants or the following criteria is followed:

(1) Written requests for public appearances on specific current agenda items shall be made to the board Secretary no later than two working days prior to the meetings. The request shall outline the reasons for the request including the subject matter to be discussed in as much detail as is feasible prior to the meeting of the board. Those requesting an appearance may, at or prior to the board meeting, provide board members copies of any written materials to be presented or a written statement of a position.

(2) Individual presentations will be limited to five minutes, unless otherwise authorized by the Chair.

(3) To schedule an appearance before the Wisconsin State Laboratory of Hygiene Board of Directors, contact the board Secretary, c/o Director, Wisconsin State Laboratory of Hygiene, 465 Henry Mall, Madison, Wisconsin 53706. Telephone (608) 890-0288. The subject or subjects to be discussed must be identified.

(4) The Wisconsin State Laboratory of Hygiene "Guidelines for Citizen Participation in WSLH Board Meetings" are published on its website: http://www.slh.wisc.edu/index.shtml and printed copies are available on request. (See Appendix 5) [Section §6.12 approved 5/27/03 board meeting.]
Appendix 5

Guidelines for Citizen Participation at WSLH Board Meetings

The Wisconsin State Laboratory of Hygiene board provides opportunities for citizens to appear before the board to provide information to the board on items listed on the agenda. Such appearances shall be brief and concise. In order to accommodate this participation in the allotted time, the guidelines are as follows:

A. Items to be brought before the board:
   1. The board Secretary and Chair will assign a specific time on the agenda to hear public comment when a request to speak has been received from a member of the public.
   2. Individuals or organizations will be limited to a total of five (5) minutes to make a presentation to the board. Following the presentation board members may ask clarifying questions.
   3. An organization is limited to one (1) spokesperson on an issue.
   4. On complex issues, individuals wishing to appear before the board are encouraged to submit written materials to the board Secretary in advance of the meeting so the board may be better informed on the subject in question. Such information should be submitted to the board Secretary for distribution to all board members no later than seven (7) working days before the board meeting.
   5. No matters that are in current litigation may be brought before the board.

B. The board encourages individuals to confine their remarks to broad general policy issues rather than the day-to-day operations of the Wisconsin State Laboratory of Hygiene.

C. Citizens who have questions for board members should ask these questions prior to the board meeting, during any recess during the board proceedings, or after board adjournment.

D. Written requests to appear before the WSLH Board of Directors should be submitted no later than two (2) working days prior to a scheduled board meeting.

E. Submit written requests to:
   Secretary, Wisconsin State Laboratory of Hygiene Board of Directors
   C/O WSLH Director
   465 Henry Mall
   Madison, WI 53706
   Telephone: (608) 890-0288
   Email: nathaniel.javid@slh.wisc.edu

NOTE 1 - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Business:
- The Wisconsin State Laboratory of Hygiene (WSLH) is a governmental institution which provides medical, industrial and environmental laboratory testing and related services to individuals, private and public agencies, including the Department of Natural Resources (DNR) and the Department of Health Services (DHS). Approximately 75% of the WSLH operating revenues are program revenues, including contracts, grants, and fee-for-service billing. The remainder are general purpose revenues (GPR), which are Wisconsin state general fund dollars.

Budgetary Data:
- Fiscal Year 2017-2018 operating budget amounts were approved by the WSLH Board on June 20, 2017.

Basis of Presentation:
- The financial statements have been prepared on a modified accrual basis following Generally Accepted Accounting Principles (GAAP).

Basis of Accounting:
- Revenues are recognized at the completion of the revenue generating processes. Fee-for-service revenues are generally recognized in the period services are completed.
- Revenues from GPR, OWI, Grants, and expense reimbursement contracts for salaries, fringe benefits, capital, and supplies are recognized as expended.
- Expenses are recognized and accrued when the liability is incurred.

Estimates and assumptions:
- The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying footnotes. Actual results could differ from those estimates.

Assets:
- Cash is considered restricted if, by prior agreement with an outside entity, it must be segregated for future use by the outside entity or by WSLH at the outside entity's behest. As of October 31, 2017 available cash is restricted in an amount equal to the newborn screening surcharge payable to the Wisconsin Department of Health Services.
- Accounts receivable are reported at net realizable value. Net realizable value is equal to the gross amount of receivables less an estimated allowance for uncollectible amounts.
- Inventory is stated at cost (first in, first-out method).
- Equipment and building improvements are carried at cost. Expenditures for assets in excess of $5,000 are capitalized. Depreciation is computed by the straight-line method.

Liabilities
- A liability for unearned revenue is recognized for prepaid receipts for WSLH-provided Proficiency Testing programs and for prepaid newborn screening tests.
NOTE 2 - LABORATORY SERVICES REVENUES
- At the Board’s request, Laboratory Service Revenues on the Income Statement have been divided into two groups, Agency and Non-Agency, as follows:
  
  **Agency:**
  - Department of Health Services
  - Newborn Screening
  - Driver Improvement Surcharge (OWI)
  - Department of Natural Resources
  - University of Wisconsin Systems
  - Municipalities
  - Law Enforcement Agencies
  - Department of Agriculture, Trade and Consumer Protection
  - Office of Justice Assistance
  - Wisconsin Emergency Management

  **Non-Agency:**
  - UW Hospital Authority
  - Medicare and Medicaid
  - Proficiency Testing
  - Occupational Health
  - Federal Agencies
  - All other revenue from individuals, businesses, clinics, and hospitals.

NOTE 3 - ACCOUNTS RECEIVABLE
- Accounts receivable and allowance for uncollectible account balances as of October 31, 2017 and June 30, 2017 are as follows:

<table>
<thead>
<tr>
<th></th>
<th>October 31, 2017</th>
<th>June 30, 2017</th>
</tr>
</thead>
<tbody>
<tr>
<td>Accounts Receivable Total</td>
<td>$4,874,018</td>
<td>$4,437,974</td>
</tr>
<tr>
<td>Allowance for bad debt</td>
<td>(193,726)</td>
<td>(200,000)</td>
</tr>
<tr>
<td>Net Receivables</td>
<td>$4,680,292</td>
<td>$4,237,974</td>
</tr>
</tbody>
</table>

NOTE 4 - COMPENSATED ABSENCES
- GASB Statement No. 16, “Accounting for Compensated Absences,” establishes standards of accounting and reporting for compensated absences by state and local governmental entities for which employees will be paid such as vacation, sick leave, and sabbatical leave. Using the criteria in Statement 16, a liability for compensated absences that is attributable to services already rendered and that is not contingent on a specific event that is outside the control of the State and its employees has been accrued. The table below details the liability by benefit category:

<table>
<thead>
<tr>
<th>Benefit Category</th>
<th>Total</th>
<th>Vacation</th>
<th>Pers Hol</th>
<th>Legal Hol</th>
<th>Sabbatical</th>
</tr>
</thead>
<tbody>
<tr>
<td>Current</td>
<td>$617,515</td>
<td>$430,725</td>
<td>$83,920</td>

<td>$85,512</td>
</tr>
<tr>
<td>Long Term</td>
<td>1,779,089</td>
<td>-</td>
<td>-</td>
<td>-</td>
<td>1,779,089</td>
</tr>
<tr>
<td>Total</td>
<td>$2,396,604</td>
<td>$430,725</td>
<td>$83,920</td>
<td>$17,358</td>
<td>$1,864,601</td>
</tr>
</tbody>
</table>

NOTE 5 - RETAINED EARNINGS - RESTRICTED
The operating contingency is computed annually and reflects two months of salary and fringe benefit cost for positions funded from program revenues. The contingency fund is considered adequately funded if working capital is greater than the contingency fund restriction. As of October 31, 2017 working capital (current assets less current liabilities) was $11,995,964 thereby meeting the target contingency reserve requirement of $1,900,965.
BUSINESS ITEMS

Item 7. BOARD BYLAWS UPDATE

  a) Jan Klawitter, Public Relations Officer, WSLH

Description of the Item:
Jan Klawitter will update the Board on the revisions made to the bylaws by Director James Wenzler.

Suggested Board Action:
Approve the updated Board Policies and Procedures

Staff Recommendations and Comments:
Receive for information.
BUSINESS ITEMS

Item 8. BOARD ONLINE RESOURCES

a) Jan Klawitter, Public Relations Officer, WSLH

Description of the Item:
Review draft WSLH Board webpage below.

Suggested Board Action:
Receive for information.

Staff Recommendations and Comments:
Receive for information.
WSLH Board of Directors

WSLH Board members can also be reached via the WSLH Director's Office at WSLHBoard@slh.wisc.edu or 608-890-0288.

Board Chair

James Morrison, MS, CIH
Director of Environmental & Occupational Health, University Health Services, University of Wisconsin-Madison
Representing: Occupational Health
Office: 608-263-2177
jmmorrison@uhs.wisc.edu

Board Vice-Chair

Richard Moss, PhD
Senior Associate Dean for Basic Research, Biotechnology and Graduate Studies, University of Wisconsin School of Medicine and Public Health
Representing: Dean of the University of Wisconsin School of Medicine and Public Health
Executive Assistant: (608) 265-0523
rmoss@wisc.edu

Board Member

Mark Aquino
Director of Office of Business Support and Science, Wisconsin Department of Natural Resources
Representing: Secretary of the Department of Natural Resources
Office: (608) 275-3262
mark.aquino@wisconsin.gov

Board Member

Robert Corliss, MD
Associate Professor and Director of Autopsy, Department of Pathology and Laboratory Medicine, University of Wisconsin School of Medicine and Public Health
Representing: Clinical Laboratory Physicians
Office: (608) 265-2162
RCorliss@uwhealth.org

Board Member

Barry Irmen
Director of Operations, Dane County Medical Examiner’s Office
Representing: Coroners and Medical Examiners
WSLH Board of Directors | Wisconsin State Laboratory of Hygiene

Office: (608) 284-6000
imren@countyofdane.com

Board Member

Gil Kelley
Laboratory Director, Wisconsin Department of Agriculture, Trade and Consumer Protection
Representing: Secretary of the Department of Agriculture, Trade and Consumer Protection
Office: (608) 224-4821
gil.kelley@wisconsin.gov

Board Member

Jeff Kindrai
Health Officer, Grant County Health Department
Representing: Local Public Health Departments
Office: (608) 723-6416
jkindrai@co.grant.wi.gov

Board Member

Karen McKeown
State Health Officer and Wisconsin Division of Public Health Administrator, Wisconsin Department of Health Services
Representing: Secretary of the Department of Health Services
Office: (608) 267-7828
Karen.McKeown@ohs.wisconsin.gov

Board Member

James Wenzler
Profession: Human Resources/Mediation
Representing: Public Member
Cell: (262) 226-6997

BUSINESS ITEMS

Item 9. BOARD PRESENTATIONS

a) National Atmospheric Deposition Program (NADP), Dr. Martin Shafer, Wisconsin State Laboratory of Hygiene

b) Wisconsin Clinical Laboratory Network (WCLN), Dr. Peter Shult, Wisconsin State Laboratory of Hygiene

Description of the Item:
Drs. Shafer and Shult will give their respective presentations to the Board with time for discussion at the end of each.

Suggested Board Action:
Receive for information.

Staff Recommendations and Comments:
Receive for information.
BUSINESS ITEMS

Item 10. HUMAN RESOURCES REPORT

a) Cynda DeMontigny, Human Resources Director, WSLH

Description of the Item:
Cynda DeMontigny will provide the HR update to the Board.

The Board will enter CLOSED SESSION for portions of this item if it deems necessary.

Suggested Board Action:
Receive for information.

Staff Recommendations and Comments:
Receive for information.

BUSINESS ITEMS

Item 11. CONTRACTS REPORT

a) Christine Gunter, Financial Program Supervisor, WSLH

Description of the Item:
The table on the following pages contains the major grants and contracts that have been received from September 1st through November 30th, 2017. WSLH staff will be available to provide more details on these grants and contracts.

Suggested Board Action:
Receive for information.

Staff Recommendations and Comments:
There are no contracts requiring board approval.

</thead>
<tbody>
<tr>
<td>September – November 2017</td>
<td>Hepatitis A</td>
<td>The WSLH Communicable Disease Division (CDD) performed testing in support of multiple Hepatitis A outbreak investigations by the WI Division of Public Health (WDPH).</td>
<td>Complete</td>
</tr>
<tr>
<td>September 2017</td>
<td><em>E. coli O157:H7</em></td>
<td>Both the WSLH CDD and Environmental Microbiology labs provided testing support for a state and local outbreak investigation of <em>E. coli O157:H7</em>. Several children at a party fell ill and were hospitalized. An environmental source for the bacteria was not found.</td>
<td>Complete</td>
</tr>
<tr>
<td>October 2017</td>
<td><em>Burkholderia pseudomallei</em></td>
<td><em>Burkholderia pseudomallei</em> is a bacterial pathogen endemic in tropical and sub-tropical parts of the world, particularly in Australia and SE Asia. A patient in NE Wisconsin became sick and testing at the WSLH was positive for <em>Burkholderia pseudomallei</em>. Because the bacteria can lay dormant in an infected person for several years without causing disease, WDPH epidemiologists think based on the patient’s history that the patient acquired the bacteria years ago while traveling/living overseas. This case provided an opportunity for WSLH and WDPH to reinforce with staff at hospital labs the proper biosafety and personal protective equipment procedures for dealing with pathogens like <em>Burkholderia pseudomallei</em>. There has been no spread beyond the infected patient.</td>
<td>Complete</td>
</tr>
<tr>
<td>July 2017 - Present</td>
<td>Powassan Virus</td>
<td>WSLH CDD in conjunction with Marshfield Laboratories and WDPH are in the process of conducting a Powassan Virus study. The study is</td>
<td>In Progress</td>
</tr>
</tbody>
</table>
looking at the prevalence of the tickborne disease since the WSLH brought on Powassan Virus testing capabilities last year.

# RECENT EVENTS and FINDINGS

<table>
<thead>

</thead>
<tbody>
<tr>
<td>September 2017</td>
<td>Certified Safety Professional Accreditation</td>
<td>Terry Lawrin, industrial hygiene consultant with the WisCon Onsite Safety and Health Consultation Program, passed his exam to become a Certified Safety Professional (CSP). Along with the Certified Industrial Hygienist certification (which Terry has held since 2010), the ANSI-accredited Certified Safety Professional certification is considered to be the “gold-standard” of professional occupational safety and health certifications, an internationally-respected mark of professional excellence.</td>
<td>Complete</td>
</tr>
<tr>
<td>September 2017</td>
<td>WisCon Brown Bag</td>
<td>The WisCon Onsite Safety and Health Consultation Program helps small businesses in Wisconsin provide safe and healthy workplaces for their employees. The OSHA-funded program is free for the business and WisCon assists about 300 businesses each year, influencing the working conditions of about 10,000 employees. During fiscal year 2016, WisCon consultants identified and verified correction of more than 2,100 workplace safety and health hazards and performed more workplace exposure sampling than any other OSHA consultation program in the nation. In this Brown Bag webinar WisCon Industrial Hygiene Supervisor Ernie Stracener explained how WisCon consultants help small businesses and their employees throughout Wisconsin.</td>

<tr>
<td>October 2017</td>
<td>DNR staff tours</td>
<td>The WSLH hosted three groups of DNR staffers from across Wisconsin as they came to Madison to tour the environmental and occupational health labs. While most of the staffers were newer to DNR (hired in last few years), a few of the attendees were long-time DNR staffers who had never had the chance to see the labs in person.</td>
</tr>
<tr>
<td>September 20-22, 2017</td>
<td>Department of Justice OWI Training, Milwaukee, WI</td>
<td>Eight members of the Forensic Toxicology Section assisted in planning and presenting at an OWI Training event sponsored by the DOJ.</td>
</tr>
<tr>
<td>September 22, 2017</td>
<td>DRE Oversight Committee meeting, Milwaukee, WI</td>
<td>Forensic Toxicology Section Chemist Kimberle Glowacki attended the DRE Oversight Committee meeting.</td>
</tr>
<tr>
<td>September 28, 2017</td>
<td>Grand Rounds, Froedtert &amp; Medical College, Milwaukee, WI</td>
<td>Amy Miles provided several toxicologists and MDs with a general overview of the WSLH’s role in OWI and Medical Examiner investigations and discussed case histories.</td>
</tr>
<tr>
<td>October 9-13, 2017</td>
<td>Robert F. Borkenstein Course on Drugs and Human Performance, Austin, TX</td>
<td>Forensic Toxicology Section Chemist Ted Savage attended the week long course and Amy Miles presented as faculty.</td>
</tr>
<tr>
<td>October 16-20, 2017</td>
<td>North Carolina – Wisconsin Newborn Screening Laboratory Scientific Exchange</td>
<td>Dr. Ellen Stevens from the North Carolina Public Health Laboratory’s newborn screening laboratory spent a week at the WSLH learning the next-generation sequencing assay the WSLH performs for cystic fibrosis (CF) screening. Last year the vendor that produced the type of assay the North Carolina lab was using for CF screening testing decided to remove it from the market due to quality issues. NCPHL needed help quickly to continue CF screening and the WSLH stepped up since we use the next-generation sequencing method and weren’t affected. Dr.</td>
</tr>
</tbody>
</table>
Stevens’ Wisconsin visit was to learn this testing method and reporting process to help NCPHL establish it in-house.

Dr. Stevens is the current APHL-Ronald H. Laessig Newborn Screening Fellow. Dr. Laessig was WSLH Director from 1980–2006 and a national leader in newborn screening. After his death in 2009, the Association of Public Health Laboratories (APHL) created the fellowship in his honor.

WSLH Newborn Screening Laboratory Co-Director Dr. Patrice Held was the first Laessig fellow.

<td>November 2017</td>
<td>National Atmospheric Deposition Program</td>
<td>In Progress</td>
</tr>
<tr>
<td></td>
<td>The WSLH has been chosen as the central analytical laboratory and program office for the National Atmospheric Deposition Program (NADP). The NADP serves public and environmental health, science, education and agriculture by monitoring North America’s precipitation and atmosphere for a range of chemicals and uses that data to determine both time and space trends for concentration and deposition. NADP is a cooperative effort between many different groups including federal, state, and local governmental agencies, tribal governments, educational institutions, private companies, and non-governmental agencies which provide funding, scientific, and technical support. Funding comes from monitoring site participants and the following federal agencies: National Park Service, US Geological Survey, National Oceanic &amp; Atmospheric Administration, Bureau of Land Management, Environmental Protection Agency, US Department of Agriculture Forest Service, and Agricultural Research Service. As the central analytical laboratory and program office, the WSLH will provide pre-analytic services, analytic testing and post-analytic results and data analysis for samples from 300+ monitoring sites across the country. Data is made publicly available. The program office at the WSLH will work with NADP committees on network operations, science, education, and</td>
<td>In Progress</td>
</tr>
</tbody>
</table>
## Outreach Activities

The NADP central analytical laboratory and program office have been housed at the University of Illinois at Urbana-Champaign. The transition to the WSLH will occur over the next few months.

<td>Complete</td>
</tr>
</tbody>
</table>

WDPH has received funding from CDC/CSTE for an ILINet Expansion Pilot Study. The ILINet Program is a national outpatient influenza illness surveillance program. Healthcare providers that participate in the program report information on patient visits for influenza-like illness (ILI) collected through the U.S.

The WSLH will support this WDPH study by providing laboratory PCR testing for influenza, which will serve to further strengthen influenza surveillance in Wisconsin and the U.S.

WSLH CDD, WDPH and CDC collaboratively wrote an article – “Non-mumps Viral Parotitis during the 2014-2015 Influenza Season in the United States” - that will be published in an upcoming issue of *Clinical Infectious Diseases*. The WSLH Virology Lab participated in this study by providing laboratory testing for mumps, influenza and other common respiratory viruses.

Nearly 20 students from a Hydrology and Aquatic Ecology class at Carthage College (Kenosha) toured the environmental and occupational health laboratories. Professors Matthew Zorn and Patrick Pfaffle have been bringing their students to the WSLH in both spring and fall semesters for more than five years. The original WSLH-Carthage College connection was made by retired EHD microbiologist Archie Degnan who participates in Carthage College study abroad programs in Nicaragua where students and professionals work with the residents of Ometepe Island (in the middle of Lake Nicaragua) on solving drinking water quality issues on the island. Past solutions have included construction of 10,000 liter ferrocement water storage tanks, replacing 3” PVC water supply pipes located miles up volcanic grades, and constructing mini water towers to provide gravity-fed drinking water to homes.

UW Cytogenetics at the WSLH hosted an exploration station as part of the Wisconsin Science Festival.
Science Festival.

Their station called “Genetics & You: How Much Do You Know About DNA?” taught kids and adults about DNA by making bead bracelets representing their genetic traits. WSLH staffers Sara Morrison-Delap, Maureen McCormack, Kimberly Anderson and Kim Oxendine also explained what chromosomes are and how WSLH scientists use genetic testing to help patients and doctors.

In the 5-hour timeframe their exploration station was open they created nearly 400 bracelets with Science Festival attendees.
