Fatal Work Injuries in Wisconsin — 2018

Fatal work injuries totaled 114 in 2018 for Wisconsin, the U.S. Bureau of Labor Statistics reported today. Assistant Commissioner for Regional Operations Charlene Peiffer noted that the number of work-related fatalities in Wisconsin was up from the previous year. Fatal occupational injuries in the state have ranged from a high of 138 in 1993 to a low of 77 in 2008.

Nationwide, a total of 5,250 fatal work injuries were recorded in 2018, up from the 5,147 fatal injuries in 2017, according to the results from the Census of Fatal Occupational Injuries (CFOI) program.

Chart 1. Total fatal occupational injuries, Wisconsin, 2009–2018

SOURCE: U.S. Bureau of Labor Statistics.

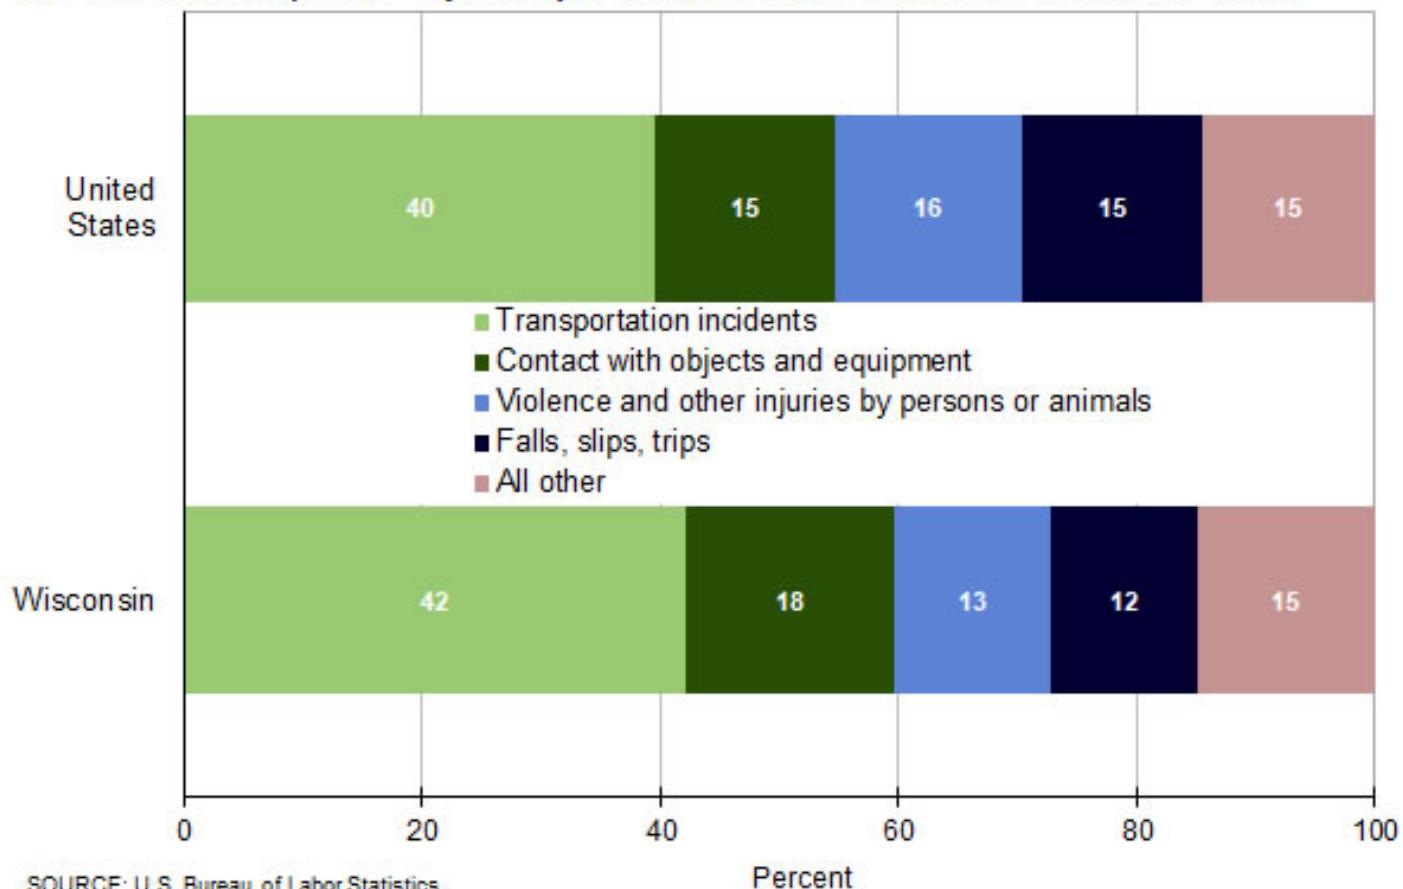

Type of incident

In Wisconsin, transportation incidents resulted in 48 fatal work injuries, and contact with objects and equipment accounted for 20 fatalities. These two major categories accounted for 60 percent of all workplace fatalities in the state. (See table 1.) Worker deaths from transportation incidents were up from 35 over the year, and worker fatalities due to contact with objects and equipment were unchanged from their 2017 level.

Violence and other injuries by persons or animals was the third-most frequent fatal work event with 15 fatalities, down from 20 in the prior year. Falls, slips, or trips resulted in 14 work-related deaths compared to 18 in 2017.

Nationally, transportation incidents were the most frequent fatal workplace event in 2018, accounting for 40 percent of fatal work injuries. (See [chart 2](#).) Violence and other injuries by persons or animals was the second-most common fatal event (16 percent), followed by falls, slips, and trips (15 percent), and contact with objects and equipment (15 percent).

Chart 2. Fatal occupational injuries by selected event, United States and Wisconsin, 2018

Industry

The private agriculture, forestry, fishing, and hunting industry had the highest number of fatalities in Wisconsin with 30, up from 24 in the previous year. (See [table 2](#).) Transportation incidents and contact with objects or equipment resulted in 10 fatalities each within the industry. Two sectors, animal production and aquaculture plus crop production, each had 13 workplace fatalities in the private agriculture, forestry, fishing, and hunting industry.

The private transportation and warehousing industry had 13 workplace fatalities, up from 7 in the previous year. The specialized freight trucking sector accounted for 6, or 46 percent, of the fatal injuries in this industry.

Occupation

The transportation and material moving occupational group had the highest number of workplace fatalities with 26. (See [table 3](#).) Heavy and tractor-trailer truck drivers accounted for 14 of the fatalities among transportation and material moving workers. The management occupational group had the second-highest number of workplace fatalities with 22. Farmers, ranchers, and other agricultural managers accounted for 18 of the 22 management occupational fatalities. Within the farming, fishing, and forestry occupational group, agricultural workers accounted for 7 of the 10 total fatalities. Construction trades workers suffered 7 of the 10 work-related deaths within the construction and extraction group.

Additional highlights

- Men accounted for 89 percent of the work-related fatalities in Wisconsin, compared to the 92-percent national share. (See [table 4](#).) Transportation incidents made up 39 percent of the fatalities for men in Wisconsin.
- White non-Hispanics accounted for 89 percent of those who died from a workplace injury. Nationwide, this group accounted for 65 percent of work-related deaths.
- Workers 25-54 years old accounted for 45 percent of the state's work-related fatalities in 2018, compared to 58 percent of on-the-job fatalities nationally.
- Of the 114 fatal work injuries in Wisconsin, 68 percent worked for wages and salaries; the remainder were self-employed. The most frequent fatal event for both wage and salary workers and self-employed workers was transportation incidents.

Technical Note

Background of the program. The Census of Fatal Occupational Injuries (CFOI), part of the Bureau of Labor Statistics (BLS) Occupational Safety and Health Statistics (OSHS) program, is a count of all fatal work injuries occurring in the U.S. during the calendar year. The CFOI uses a variety of state, federal, and independent data sources to identify, verify, and describe fatal work injuries. This ensures counts are as complete and accurate as possible. For the 2018 national data, over 24,800 unique source documents were reviewed as part of the data collection process. For technical information and definitions for the CFOI, see the BLS Handbook of Methods on the BLS website at www.bls.gov/opub/hom/cfoi/home.htm.

Federal/State agency coverage. The CFOI includes data for all fatal work injuries, some of which may be outside the scope of other agencies or regulatory coverage. Comparisons between CFOI counts and those released by other agencies should account for the different coverage requirements and definitions used by each agency. For more information on the scope of CFOI, see www.bls.gov/iif/cfoiscope.htm and www.bls.gov/opub/hom/cfoi/concepts.htm.

Acknowledgments. BLS thanks the Wisconsin State Laboratory of Hygiene for their efforts in collecting accurate, comprehensive, and useful data on fatal work injuries. BLS also appreciates the efforts of all federal, state, local, and private sector entities that provided source documents used to identify fatal work injuries. Among these agencies are the Occupational Safety and Health Administration; the National Transportation Safety Board; the U.S. Coast Guard; the Mine Safety and Health Administration; the Office of Workers' Compensation Programs (Federal Employees' Compensation and Longshore and Harbor Workers' Compensation divisions); the Federal Railroad Administration; the National Highway Traffic Safety

Administration; state vital statistics registrars, coroners, and medical examiners; state departments of health, labor, and industrial relations and workers' compensation agencies; state and local police departments; and state farm bureaus.

Information in this release will be made available to sensory impaired individuals upon request. Voice phone: (202) 691-5200; Federal Relay Service: (800) 877-8339.

Table 1. Fatal occupational injuries by event or exposure, Wisconsin, 2017–18

| Event or exposure ⁽¹⁾ | 2017 | 2018 | |
|-----------------------------------------------------------------------------|--------|--------|---------|
| | Number | Number | Percent |
| Total | 106 | 114 | 100 |

| Overexertion and bodily reaction..... | -- | -- | -- |

Footnotes:

(1) Based on the BLS Occupational Injury and Illness Classification System (OIICS) 2.01 implemented for 2011 data forward.

NOTE: Data for all years are final. Totals for major categories may include subcategories not shown separately. Percentages may not add to totals because of rounding. CFOI fatality counts exclude illness-related deaths unless precipitated by an injury event. Dashes indicate no data reported or data that do not meet publication criteria.

Table 3. Fatal occupational injuries by occupation, Wisconsin, 2017–18 - Continued

| Occupation ⁽¹⁾ | 2017 | 2018 | |
|----------------------------------------------------|--------|--------|---------|
| | Number | Number | Percent |
| Driver/sales workers and truck drivers | 9 | 16 | 14 |
| Heavy and tractor-trailer truck drivers | 8 | 14 | 12 |
| Material moving workers | 6 | 6 | 5 |
| Military specific occupations ⁽²⁾ | -- | -- | -- |

Footnotes:

(1) Occupation data are based on the Standard Occupational Classification system, 2010.

(2) Includes fatal injuries to persons identified as resident armed forces regardless of individual occupation listed.

NOTE: Totals for major categories may include subcategories not shown separately. Percentages may not add to totals because of rounding. CFOI fatality counts exclude illness-related deaths unless precipitated by an injury event. Dashes indicate no data reported or data that do not meet publication criteria.

Table 4. Fatal occupational injuries by selected demographic characteristics, Wisconsin, 2017–18

| Worker characteristics | 2017 | 2018 | |
|-----------------------------------------------|--------|--------|---------|
| | Number | Number | Percent |
| Total | 106 | 114 | 100 |
| Employee status | | | |
| Wage and salary workers ⁽¹⁾ | 66 | 78 | 68 |
| Self-employed ⁽²⁾ | 40 | 36 | 32 |
| Gender | | | |
| Men | 97 | 101 | 89 |
| Women | 9 | 13 | 11 |
| Age ⁽³⁾ | | | |
| Under 16 years | -- | 5 | 4 |
| 18 to 19 years | -- | 1 | 1 |
| 20 to 24 years | 6 | 5 | 4 |
| 25 to 34 years | 15 | 19 | 17 |
| 35 to 44 years | 16 | 16 | 14 |
| 45 to 54 years | 16 | 16 | 14 |
| 55 to 64 years | 24 | 26 | 23 |
| 65 years and over | 29 | 26 | 23 |
| Race or ethnic origin ⁽⁴⁾ | | | |
| White, non-Hispanic | 92 | 102 | 89 |
| Black or African-American, non-Hispanic | 4 | 4 | 4 |
| Hispanic or Latino | 7 | 7 | 6 |

Footnotes:

(1) May include volunteers and workers receiving other types of compensation.

(2) Includes self-employed workers, owners of unincorporated businesses and farms, paid and unpaid family workers, and may include some owners of incorporated businesses or members of partnerships.

(3) Information may not be available for all age groups.

(4) Persons identified as Hispanic or Latino may be of any race. The race categories shown exclude data for Hispanics and Latinos.

NOTE: Data for all years are final. Totals for major categories may include subcategories not shown separately. Percentages may not add to totals because of rounding. CFOI fatality counts exclude illness-related deaths unless precipitated by an injury event. Dashes indicate no data reported or data that do not meet publication criteria.
