

Notice of Discontinuation of Testing

We hope this message finds you well. We are writing to inform you of an important update regarding our parasitology testing services.

After careful consideration and review, we have decided to discontinue the following parasitology tests effective May 1, 2025:

- MP00800 - Ectoparasite and Arthropod Identification of Public Health Significance
- MP00841 - Ova and Parasites Exam
- MP00842 - Trichrome Smear
- MP00850 - Schistosome Urine Exam
- MP00860 - Parasitic Worm Identification
- MP00881 - Tissue Parasite Smear

This decision was influenced by changes in funding and staffing, advancements in technology, and low demand for these tests. We understand that this may impact your testing needs, and we apologize for any inconvenience this may cause.

We remain committed to providing high-quality diagnostic services and will continue to offer a comprehensive range of other tests to support your needs. For a complete list of the tests we still offer, please visit our website at <https://www.slh.wisc.edu/wslhApps/RefMan/wslhSearch.php> or contact our customer service team at 800-862-1013.

Sincerely,

Alana Sterkel, PhD, D(ABMM), SM(ASCP)^{CM}
Associate Director, Communicable Disease Division
Assistant Professor, DPLM, SMPH, UW-Madison
Wisconsin State Laboratory of Hygiene
